Henry D. Jefferson

**T.D. INFORMAL MEMO: DO NOT MAIL THIS MEMO TO APPLICANT**

Date:	12-Feb-08	APPL. S. N:	10047859
To Examiner:	PHAM, BRENDA H.	Art Unit	2616
From	Jefferson, Henry PARALEGAL SPCECIALIST	Return This Memo To: Case Drop-Off Location	JEF-2D68

**SUBJECT:** Decision on Terminal Disclaimer(T.D.) filed:

INSTRUCTIONS: I have reviewed the submitted T.D. with the results as set forth below. If you agree, please use the appropriate form paragraphs identified by this informal memo in your next Office action to notify applicant of the T.D. If you disagree or have any questions, please see me or the Special Program Examiner. THIS IS AN INFORMAL, INTERNAL MEMO ONLY. IT MUST NOT BE (1) MAILED TO APPLICANT OR (2) PLACED OF RECORD IN THE APPLICATION FILE. When your action is complete,

please initial, date and return this memo to me. THANK YOU.

- The T.D. is PROPER and has been recorded (see 14.23).
- The T.D. is NOT PROPER and has not been accepted for the reason(s) checked below (see 14.24):
- The TD fee of [REDACTED] has not been submitted nor is there any authorization in the application file for the use of a deposit account
  - The T.D. does not satisfy Rule 321 in that the person who has signed the T.D. has not stated the extent of his/her interest (and/or the extent of the interest of the business entity represented by the signature) in the application/patent (see 14.26 & 14.26.01).
  - The T.D. lacks the enforceable only during common ownership clause – needed to overcome a non-statutory double patenting rejection, Rule 321(b) (see 14.27.01).
  - The T.D. is directed to a particular claim(s), which is not acceptable since "the disclaimer must be for a terminal portion of the term of the entire patent to be granted" (MPEP 1490) (see 14.26 & 14.26.02).
  - The person who signed the T.D.:
    - is not an attorney "of record" (see 14.29 and 14.29.01).
    - has failed to state his/her capacity to sign for the business entity (see 14.28).
    - is not recognized as an officer of the assignee (see 14.29 & possible 14.29.02).
  - No documentary evidence of a chain of title from the original inventor(s) to assignee has been submitted, nor is the reel and frame number specified as to where such evidence is recorded in the Office (see 37 CFR 3.73(b) and 1140 O.G. 72). NOTE: This documentary evidence or the specifying of the reel and frame number may be found in the T.D. or in a separate paper of record in the application (see 14.30).
  - The T.D. is not signed (see 14.26 & 14.26.03).
  - The serial number of the application (or the number of the patent) which forms the basis for the double patenting rejection is missing or incorrect (see 14.32).
  - The serial number of this application (or the number of the patent in reexam or reissue cases being disclaimed is missing or incorrect (see 14.26, 14.27.02 or 14.26.05).
  - The period disclaimed is incorrect or not specified (see 14.26, 14.27.02 or 14.26.03).
  - Other: [REDACTED]
  - Suggestion to request refund (see 14.36). NOTE: If already authorized, credit refund to deposit account and do not check this item.

I have appropriately notified applicant(s) of the status of the Terminal Disclaimer filed in this case.

**TERMINAL DISCLAIMER UNDER 37 C.F.R. 1.321(a)**

Sir:

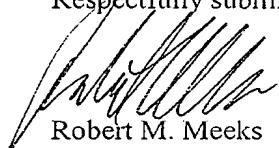

I, Robert M. Meeks, am an attorney of record of the disclaimant, Ericsson Inc., and am authorized to execute this disclaimer on behalf of Ericsson Inc. The disclaimant, having a principal place of business at 7001 Development Drive, Research Triangle Park, North Carolina, 27709, is the owner of all right, title, and interest in the above-identified application, by Assignment recorded on January 15, 2002, at Reel 012502, Frame 0017.

The disclaimant hereby disclaims, except as provided below, the terminal part of any patent granted on the above-identified application that would extend beyond the expiration date of the full statutory term as defined in 35 U.S.C. §§154 - 156, §173, and any other relevant statutory provision of prior U.S. Patent No. 7,158,533, filed January 15, 2002, as presently shortened by any terminal disclaimer, which patent was assigned to the above-identified disclaimant by an Assignment recorded on January 15, 2002, at Reel 012503, Frame 0581.

Disclaimant further agrees that any patent so granted on the above-identified application, which is the subject of this disclaimer, shall be enforceable only for and during such period that U.S. Patent No. 7,158,533 and the instant application are commonly owned. This agreement runs with any patent granted on the above-identified application, and is binding upon the grantee, its successors, or assigns.

Nothing herein shall be construed as a disclaimer of any terminal part of any patent granted on the above-identified application that is prior to the expiration date of the full statutory term as defined in 35 U.S.C. §§154 - 156 and §173 of U.S. Patent No. 7,158,533, as presently shortened by any terminal disclaimer, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR §1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Respectfully submitted,

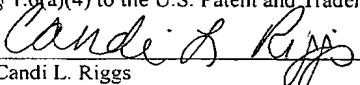

Robert M. Meeks
